Discover The PT-CMZ50 Today!

Whether it's for education or corporate environments, the PT-CMZ50 Ultra-Short Throw LCD laser projector brings together size and simplicity for an extraordinary viewing experience!

Delivering 5,200lm of exceptionally bright visuals without shadowing, the PT-CMZ50 projector delivers an expansive 80-inch image from ~1cm (1/3 in.), allowing for information to be presented without worrying about on-screen shadows or being blinded by light from the lens.
