ViewSonic® ViewBoard® IFP52 ED Series Interactive **Displays**

ANDROID EDLA-CERTIFIED SOLUTIONS

Advanced Security and Access to Hundreds of Apps

The ViewBoard IFP52 ED series of interactive displays are Android™ EDLA (Enterprise Devices Licensing Agreement) certified to deliver optimal performance and seamless integration with the Google ecosystem. Teachers can easily access their Google accounts, files, native apps and collaborative tools directly from the ViewBoard display.

Plus, with a high-accuracy touchscreen and intelligent IR

recognition technology, these ViewBoard IFP52 ED displays deliver an intuitive digital whiteboard experience. 4K Ultra HD resolution delivers

14:19 2023 0

Google Workspace for Education

optimal images for everyone in the room as well as those learning remotely. In addition, the integrated ViewSonic software suite enables

easy content sharing and interactive presentations.

Native Access to the Google Education Ecosystem

Store and share files on Google Drive, edit files in Google Docs, deliver presentations on Google Slides and so much more. Plus, teachers will enjoy access to hundreds of native apps through the Google Play Store, including the full Microsoft 365 suite (Word, PowerPoint, Teams and more).

Advanced Security with Google Workspace

With Android EDLA certification, your organization is protected with a suite of device management and monitoring tools provided by Google Workspace (Google subscriptions may be required for accessing certain advanced features).

Hassle-Free Maintenance and Updates

Automatic Google updates ensure worry-free no-hassle maintenance.

Integrated myViewBoard Software

The myViewBoard® software suite helps you get the most out of your ViewBoard interactive display. It allows you to give real-time quizzes to both in-class students and remote learners: it lets students write, highlight text and share content; it delivers thousands more ways to make your lessons more engaging.
